Statements

I acknowledge that my primary responsibility is to safeguard the rights and welfare of each research subject and that the subjects' rights and welfare must take precedence over the goals and requirements of the research. I confirm that the all information I have provided by me herein is true and accurate. I further confirm and attest that I will:

- Conduct the study in compliance with human research protection laws and regulations, Good Clinical Practices, and the approved protocol and consent form;
- Conduct the study consistent with ethical norms applicable to the research;
- Comply with IMIRB requirements (incl., timely filing of reports or other documents);
- Make myself available to discuss concerns or complaints regarding the study;
- Acknowledge the right of IMIRB to conduct an audit of the study documentation, consent process, and facility with appropriate notice;
- Not initiate changes to the study without IMIRB review and approval except where necessary to eliminate an immediate harm to subjects;
- Report promptly toe IMIRB any unanticipated problems in the study, significant protocol deviations, or changes increasing risk to subject or significantly affect the conduct of the study;
- Maintain records of properly obtained informed consent from each subject;
- Not screen, recruit, or enroll subjects for the study prior to review and approval by IMIRB; and
- Acknowledge that the study documentation retained by IMRIB may be inspected by its supervisory authority (e.g., Crow Nation).
